

# BaseLine®

## BaseLine®

BaseLine® is a standard gypsum board with ivory face paper that is used universally for wall partitions, wall linings, and even ceiling systems. The board contains non-combustible material with excellent thermal insulation characteristics.

As for aesthetics, BaseLine® has a smooth and levelled surface that lends it a beautiful appearance hence making it ideal for interior walls and ceilings.

### CHARACTERISTICS

A standard gypsum board, consisting of an aerated gypsum core encased in, and firmly bonded to durable paper liners.

### RECOMMENDED USE

Suitable for most applications where fire, structural and acoustic levels are specified and designed for all direct decoration.

### PRODUCT FORMAT

| Thickness          | 12.5mm                                                                                                      | 15mm                                                                                                      |
|--------------------|-------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------|
| Nominal Weight     | 8.75kg/m <sup>2</sup>                                                                                       | 11.55kg/m <sup>2</sup>                                                                                    |
| Nominal Sheet Size | 1220mm x 2440mm                                                                                             |                                                                                                           |
| Edge Type          | <b>Recessed Edge</b><br> | <b>Square Edge</b><br> |

### FIRE RATING

- Non-combustible in accordance to BS 476: Part 4
- Classified as Class 0 material in accordance to BS 476: Part 6 & 7
- Complete drywall system providing up to 1 hour fire rating in accordance to BS 476: Part 22

### AESTHETIC PROPERTIES

- Crack-free
- Easily decorated with paint, cornices, tiles, wallpaper, etc
- Seamless and smooth finishing

# BaseLine®

## MANUFACTURING SPECIFICATIONS

- In compliance with ASTM C1396M and BS EN 520

## HANDLING AND WORKABILITY

- Lightweight
- Quick and easy installation
- Highly flexible in creating the highest standards of design

## HEALTH AND ENVIRONMENTAL CONTRIBUTIONS

- Made from 100% natural gypsum
- Recyclable material, hence environmentally friendly and certified with Green Product Certification Scheme
- Does not produce toxic fumes or hazardous substances that are harmful to health
- Product is manufactured in a facility certified to standards of ISO 14001, ISO 45001, and ISO 9001
